

**CHINA-GEL IS AVAILABLE
IN 4 CONVENIENT SIZES:**

China Gel

Used professionally by chiropractors, physical therapists,
massage therapists,
and in athletic and rehabilitation programs.

What is China Gel?

China-Gel is a unique herbal formula of time proven ingredients developed and clinically tested in a leading acupuncture - pain control clinic. China-Gel is a greaseless therapeutic gel that incorporates modern technology with the ancient pain relieving concepts of Chinese medicine.

China Gel is unlike most topical pain relievers. Instead of a harsh medicinal odor, it has a pleasant, menthol/lavender fragrance that fades as the gel dries. China gel looks and feels like a fine cosmetic hand cream. It completely dissolves upon application and does not leave a greasy residue.

How does it Work?

When applied as directed, China-Gel stimulates the body's endorphin response to pain and reduces the pain - producing "P factor" in muscle tissue, thereby lessening pain and discomfort, and enhancing healing. The deep penetrating effect offers long lasting cool-to-warm soothing relief

Use China-Gel for:

Arthritis/Bursitis	Back, Neck, & Shoulder Pain	Insect & Bee Bites	Muscle Cramps/Pain
Carpal Tunnel	Fibromyalgia	Sprains/Strains	Sports Injuries
Foot Pain	Itching	Tendonitis	Sun Burn
Leg Cramps	Joint Pains	Massage Therapy	...and much more
