

# Practical Lymphatic Drainage

## Introductory Course Feb. 16, 2007 6-9 pm

## Full Course adds Feb. 17-18, 2007 9am-5pm

**Course Location: Good Samaritan Health & Wellness Center  
3551 Highland Avenue, Downers Grove, IL 60515**

**PRACTICAL LYMPHATIC DRAINAGE** is a gentle, subtle, low-impact hands-on technique used to reduce swelling, decongest tissues and joints, improve lymphatic circulation and speed healing. It may be used for detoxification, sinus pain & discomfort, improved sleep & relaxation, to speed healing post-surgery or injury, for sports recovery and performance, to reduce menstrual discomfort, for chronic lymphedema and more! Course instructor is Allison Ishman, who has offered lymphatic drainage care for 14 years, & has taught this work since 1995.

The **INTRODUCTORY COURSE** will enable therapists to safely incorporate lymphatic drainage into sessions that include other forms of therapy. This course includes an overview of the lymphatic system & introduction of hand-on techniques for overall lymphatic flow. (3 CEs)

The **FULL COURSE** topics include anatomy, physiology & pathology of the lymphatic system, basic & advanced techniques of manual lymphatic drainage (MLD), indications & contraindications, post-operative & breast cancer care guidelines, sports applications, treating limbs, special areas of edema, and sinus congestion. Following the full course, therapists may offer 60-minute treatments specifically for lymphatic drainage. Full course includes intro course in and Saturday & Sunday from 9-5. (17 CEs)

The **LYMPH DRAINAGE PRACTICUM** advanced the practical skills of therapists by refining hands-on skills, improving skills working with specific conditions, increasing lymphatic anatomy and physiology training, and sharing experiences with lymphatic drainage applications.(8 CEs)

**PRACTICAL LYMPHATIC DRAINAGE CERTIFICATION** available September 1, 2007. Students that have satisfactorily completed the practicum level are eligible to take the certification exam. Certification will be available online to our students and an online registry of certified lymph drainage practitioners will be available.

Allison Ishman, Instructor
